

Monthly Quality for ATFS Learning Center
“Learning After School” Program

These qualities are defined for each month. All children enrolled at ATFS Learning Center are expected to demonstrate the Quality of the month. “Student of the Month” must demonstrate the quality of the month as well as show general capacity for good work habits and discipline. The purpose of introducing these qualities is to set level of expectations and help all the students develop a common platform of learning and growing. These are introduced each month but are not limited to that month. Children must continue to demonstrate these at all times.

September	Adjustment
October	Discipline
November	Focus
December	Responsibility
January	Performance
February	Attitude
March	Quality
April	Detail
May	Consistency
June	Determination
